Computer Troubleshooters is the largest international network of franchise owners in the world providing computer services to small businesses and residential clients.

We are Australia's largest IT Support franchise network launched in Australia 1997 we have over 19 years experience supporting our clients.

We provide a comprehensive range of computer and technology solutions to small business owners (typically with 1 to 50 devices) and private home users.

Whether you are looking for help with technology issues, computer repairs, upgrading hardware, moving to Office 365, problem prevention, virus and spyware protection or data recovery and backup solutions, Computer Troubleshooters can help.

## **OFFICE 365 SOLUTIONS CATALOGUE**

Are you thinking of moving your business to Microsoft Office 365?

Read our Solutions Catalogue for a full explanation of Office 365 & how it can help enable your business.

Our IT Solutions Catalogue outlines the full range of IT Services we provide – more than just computer repairs and troubleshooting we can support a broad range of technology in your business, working together to help you get the best reliability, productivity, and protection.

We look forward to working with you to get the most out of your technology.

## **FREE IT NETWORK ASSESSMENT**

We appreciate how busy business owners can be and how managing the IT in your business can be back of mind.

With increasing requirements for mobility, data security, privacy, and the advent of cloud computing with programs such as Microsoft Office 365, we understand how complex business IT environments are becoming and the security risks for your business.

So maybe it is time you spoke to an IT expert who can help you manage and ensure you are getting the most from your technology. You may not be aware that using a local IT expert like us can save you time, money & headaches.

Backup system

We would like to offer you a free (no obligation) onsite IT Assessment for your business to evaluate your current situation & offer recommendations on how we could improve your IT.

## **TESTIMONIALS**

*“Through the CT BEST plan we are able to leave our IT up to the professionals as they are expert in managing everything IT, which means I can get on with managing my real estate business”*

- Steve Mishevski HT Wills & Co
