

# ***Snap-on Tools***

## **Testimonials**

***"Making the decision to move from a compressor service technician to a Snap-on franchisee was the best decision I've made. Not only is Snap-on the best tool brand in the market, they have provided me with the training and support so I can take charge of my career. I'm happy to work hard as a Snap-on franchise owner because there is a direct link between my effort and my financial reward and that gives me purpose. It's transformed my life."***
